Fraud Prevention and Detection

In order to prevent and detect fraud we may at any time:

- Share information about you with other organisations and public bodies including the Police;
- Undertake credit searches and additional fraud searches;
- Check and/or file your details with fraud prevention agencies and databases, and if you give us false or inaccurate information and we suspect fraud, we will record this.
-

We can supply on request further details of the databases we access or contribute to.

We and other organisations may also search these agencies and databases to:

- Help make decisions about the provision and administration of insurance, credit and related services for you and members of your household;
- Trace debtors or beneficiaries, recover debt, prevent fraud and to manage your accounts or insurance policies;
- Check your identity to prevent money laundering, unless you furnish us with other satisfactory proof of identity.

Claims History

- Under the conditions of your policy you must tell us about any Insurance related incidents (such as fire, water damage, theft or an accident) whether or not they give rise to a claim. When you tell us about an incident we will pass information relating to it to a database.
- We may search these databases when you apply for insurance, in the event of any incident or claim, or at time of renewal to validate your claims history or that of any other person or property likely to be involved in the policy or claim.

In assessing any claims made, the insurer or its agents may undertake checks against publicly available information such as electoral roll, county court judgements, bankruptcy orders or repossessions. Information may also be shared with other insurers either directly or via those acting for the insurer (such as loss adjusters or investigators).

EXCEPTIONS

The Insurers do not accept liability:

- For claims totalling less than £35
- For loss of use, depreciation, wear and tear, or any consequential loss.

Limit of Liability:

The Insurer's liability will not exceed £750 in respect of any one claim.

Other Conditions:

- Any malicious damage which maybe the subject of a claim under the Institute's policy must be reported as soon as reasonably possible to the Head Teacher/Principal of the Educational Establishment (or any other responsible person) and also to the police.
- Reasonable steps must be taken to safeguard any motorcar or motorcycle from damage.

Full details of the cover are set out in the Policy held by the Educational Institute of Scotland, a copy of which is available on request to the Institute.
